

SALMA would like to take this opportunity to introduce everyone to the Patzel - Mullan Foundation. Matthew Nulty (29S) has decided to support this worthy cause at the Australian Late Model Title in conjunction with SALMA & Borderline Speedway.

Matthew has kindly donated the bonnet of this Late Model for people to sign for a \$5.00 donation; at the end of the weekend the Bonnet will be donated back to the foundation to be auction off. You can also purchase a hat for \$15.00 each and or a stubby holder for \$10.00 each.

The Patzel - Mullan Foundation was launched in early 2010. The Foundation was formed to help provide the much needed assistance required for the Mount Gambier Hospital Children's Services.

The Foundation has endeavored to raise both funds and awareness in the local community, helping to provide adequate medical equipment for young children in the South East. Both the Patzel & Mullan families have been affected at varying degrees through childhood illnesses. "We found ourselves having to travel to Adelaide to further our child's treatment, adding distress to an already difficult time."

Patzel – Mullan Foundation with the Mount Gambier Community support have donated 100% of all proceeds to the Mount Gambier Hospital Pediatric Services to purchase much needed equipment, so as to assist families to stay locally for any treatment required, and to be where their support base is.

Patzel – Mullan Foundation are extremely grateful for all the support and donations they hope to receive over the next couple of months leading up to and during the Australian Late Model Title, and look forward to the continuation of being able to assist local children and their family in their time of need.

All money raised will go direct to the Patzel – Mullan Foundation. Please feel free to dig deep and help this worthy charity at the Title which will be held on 6th March to 9th March 2014 in Mount Gambier.
