A leading South Australian Super Sedan competitor has now stepped up to the Late Model ranks.

On Easter Sunday at Speedway City Tony Howlett had his maiden test run aboard the KAT Motorsport Methanol SA11 Rocket.

After the successful test run Tony will now enter for his first Late Model event at Speedway City next weekend.

KAT Motorsport is the official Speedway City Methanol fuel vendor and Tony is looking forward to the new challenge aboard the Late Model.

Tony, Kerry, and the team, will have new promotional Hero Cards at the track, and the team look forward to handing them out to the kids and race fans who come down to the pits at the end of the night to say g'day.
